

The Leader as Coach

Program Outline

Overview Coaching and mentoring is an increasingly critical aspect of the leader's role. As the trend towards blended learning for staff accelerates, managers are required to take a greater role in the informal side of learning, most commonly in the form of on-the-job coaching and mentoring.

This program focuses on providing leaders with the skills to mentor and coach team members for the purpose of improving performance, acquiring skills, changing behaviour and assisting in their career development.
