REDSKY

Dynamic Presentation Skills
Program Outline

Overview

Dynamic Presentation Skills takes some of the fear out of presenting and replaces it with confidence and professionalism. It is designed for people who have to present more frequently and also for those who wish to develop and fine tune existing skills.

We combine practical planning and structuring techniques with powerful delivery skills resulting in a more compelling and persuasive presenter.

Topics

- Planning and structuring your presentation
- Delivery Skills
    - Eye Contact
    - Voice
    - Gestures
    - Movement
- Persuasive Language
- Using Visual Aids effectively
- Dealing with Tough Audiences
- Presenting and feedback

Outcomes

- Achieve greater confidence, clarity and professionalism.
- Gain greater control over audience and self.
- Use visual aids in a way that supports – not dominates – the presentation.
- Use an approach for planning that saves time and maximizes impact

Duration

2 days for 8 participants (suggested maximum)
